Professional Summary

Result-driven Full Stack Developer and Frontend Engineer with proven success in building and maintaining scalable, user-centric web applications. Skilled in React.js, Node.js, and modern web technologies with a strong background in API integration, UI/UX collaboration, and agile development practices. Dedicated to delivering optimized solutions that drive engagement, efficiency, and business growth.

Skills

- **Frontend:** React.js, React Native, Next.js, Redux (Toolkit, Redux-Forms), HTML5, CSS3, SCSS, SASS, TailwindCSS, Bootstrap, Material UI, Semantic UI, Three.js
- **Backend:** Node.js, Express.js, Laravel, RESTful APIs, Authentication (JWT, OAuth), MVC Architecture
- **Databases:** MongoDB, MySQL
- **Deployment:** Netlify, Vercel, AWS (EC2, S3 basics), DigitalOcean, Railway, Render, GitHub Actions (basic CI/CD), Docker (basic familiarity), Fly.io
- **Tools & Productivity:** Git, GitHub, Jira, Trello, Figma (UI Collaboration), Postman (API testing), Slack
- **AI-Assisted Development:** Replit, Cursor IDE, GitHub Copilot, Tabnine, Codeium, Cline
- **Testing:** Jest, React Testing Library, Cypress (basic)
- **Other Relevant Skills:** Agile Development, Responsive Design, Mobile-First Development, Cross-Browser Compatibility, API Integration, SEO Optimization (basic)
- **Current Interests:** Cloud Computing, Micro Frontend Architecture, Cybersecurity, Crypto Technology, AI-Enhanced Development

Education

Bachelor of Science in Information Technology

Eastern Mediterranean University | Graduated with High Honors (3.61 / 4.00)

Feb 2018 - Feb 2022

Eastern Mediterranean University, 99628, Famagusta, North Cyprus via Mersin 10, Turkey.

High School Diploma

Starfield College | Graduated with Honors

Sept 2012 - Jul 2017

30 Jonathan Coker Street, Fagba St, Lagos, Nigeria

Professional Experience

Software Developer (Full Time)

Permanent Capital Ventures Limited | Jun 2025 – Present | Remote (Nigeria)

- Led the end-to-end development of custom web and software applications for internal use and client-facing products.
 - Oversaw the technical planning and architecture of scalable applications aligned with business goals.
 - Provided ongoing technical support for deployed software products and digital campaigns/events.
 - Spearheaded the redesign and optimization of legacy WordPress sites, increasing site performance scores by 63% on average.
 - Contributed to a 100% on-time delivery rate for all client digital events and product launches during tenure.
 - Instituted a company-wide version control and deployment pipeline using Git and CI/CD best practices.
 - Maintained strict code quality and documentation standards, ensuring all deliverables were clean, original, and malware-free.
-

Full Stack Developer (Part-time)

Filly Coder | May 2025 – Present | Remote (Greater Accra, Ghana)

- Designed and implemented full-stack features using React.js/Next.js on the frontend and Node.js, Express.js, and Laravel on the backend.
 - Managed MongoDB and MySQL databases, including schema design, query optimization, and data migrations, ensuring efficient storage and retrieval.
 - Developed modular, reusable frontend components and optimized state management, reducing UI bugs and improving maintainability.
 - Built and consumed RESTful APIs, improving system integrations and enabling smooth communication between services.
 - Collaborated with designers and project managers to translate wireframes into responsive, pixel-perfect UIs.
 - Streamlined deployment workflows using Vercel, DigitalOcean, and GitHub Actions, ensuring consistent and reliable releases.
 - Optimized system performance, cutting page load time by 30% through API response improvements and frontend code splitting.
 - Delivered multiple client-facing features ahead of deadlines, contributing to a 95% on-time project delivery rate.
-

Frontend Engineer (Contract)

Airplay | Mar 2025 – May 2025 | 3 mos | Remote (Nigeria)

- Spearheaded the redesign and optimization of core frontend components, resulting in a 35% improvement in page load time.
 - Developed scalable, reusable React components, enhancing frontend maintainability and reducing UI bugs by 20%.
 - Integrated third-party APIs for media management and payment processing, increasing user feature adoption by 18%.
 - Collaborated closely with backend developers and UX/UI designers to deliver pixel-perfect, high-performance interfaces.
 - Implemented unit and integration testing using Jest and React Testing Library, improving codebase test coverage by 40%.
-

Mid-level Full Stack Developer

ATAfrica | Feb 2024 – July 2025 | 1 yr 6 mos | Lagos, Nigeria

- Created live and functional web applications from scratch by translating complex wireframes into production-ready code.
 - Integrated third-party APIs and web services for authentication, payment processing, and social media features.
 - Collaborated closely with UX/UI teams to deliver pixel-perfect, interactive user experiences.
 - Managed multiple production environments and provided regular updates, ensuring 99.9% uptime.
-

Software Engineer

SecureSoft Limited | May 2022 – Feb 2024 | 1 yr 10 mos | London, England (Remote)

- Enhanced platform functionality and use-cases, resulting in a 20% increase in user satisfaction.
 - Curated over 50 strategic website changes, improving user flow and decreasing bounce rates by 30%.
 - Led technical improvements that boosted customer engagement by 15% within the first quarter.
 - Applied Laravel expertise to develop new features for 5+ online products, driving a 15% increase in user engagement.
 - Reduced technical issues by 30% through proactive maintenance and innovative coding solutions.
-

Junior Web Developer

Glam's Haven | Mar 2020 – Oct 2021 | 1 yr 8 mos | Lagos, Nigeria(Remote)

- Streamlined the user feedback system, resulting in a 25% decrease in customer support requests.
- Developed React applications and managed complex state with Redux and Redux-Forms, saving users 5+ hours of workflow time.
- Increased web traffic by 23% through compelling UI/UX implementations.

- Boosted user satisfaction by 47% by delivering modern, responsive interfaces with React, TailwindCSS, and SCSS.
-

Certifications

- Responsive Web Design – freeCodeCamp (May 2022)
- Front-End Development Libraries – freeCodeCamp (July 2022)
- Fundamentals of Digital Marketing – Google (April 2022)
- MERN eCommerce From Scratch – Udemy (June 2022)
